

RESATM
POWER

Motor Control Equipment- Past or Present : We have it all.

**Whether you need new Motor Control Centers or
MCC Replacement Units with Reconditioned and/or
New Components, RESA has you covered.**

Let RESA replace (from our stock) or upgrade any or all internal components of every bucket (from your plant) to components of any single manufacturer. All equipment is fully remanufactured or new.

Siemens MARQ 21 Dual
Breaker Feeder

Square D Model 6

RESA offers new Motor Control Centers and aftermarket units. Built to order, our technicians can custom design a Motor Control Center to fit your electrical needs.
